ETHICAL HACKING WORKSHOP

Duration :6 hours

Timings:10am to 4pm

Rules for Workshop

Conducting and attending ethical workshops involves ensuring a respectful and inclusive environment that promotes learning and discussion. Here are some rules and guidelines for both participants:

1. **Active Participation:** Engage actively in discussions, activities, and group exercise, Be open to different perspectives and ideas.
2. **Respect Others:** Be respectful and considerate of other participants' opinions, experiences, and backgrounds. Avoid interrupting or speaking over others.
3. **Constructive Criticism:** If providing feedback, make it constructive and focused on ideas rather than personal attacks. Be open to receiving constructive criticism.
4. **Confidentiality:** Respect the confidentiality of discussions and any sensitive information shared during the workshop. Obtain explicit permission before sharing personal stories or experiences outside the workshop.
5. **Punctuality:** Arrive on time and return promptly from breaks. Avoid disruptions that may disturb the flow of the workshop.
6. **Compliance with Rules:** Adhere to the workshop rules and guidelines set by the organizers, Report any inappropriate behaviour to the organizers.
7. **Network Respectfully:** Use networking opportunities to build relationships in a professional and respectful manner. Avoid engaging in behaviour that may be perceived as harassment.
8. **Gratitude:** Express gratitude to the organizers, speakers, and fellow participants for their contributions to the workshop.
